70X Paragon with Smoke/High-Gloss Dark Canvas Combo Cabinetry

Accept No Limitations

The Class B market continues to grow, in large part due to the success of the Era®. Its combination of fuel efficiency, maneuverability, and high-end features has introduced a whole new set of enthusiasts to the van-style RV. With its Mercedes-Benz® diesel engine, driving your Era is a pure joy. Arrive at your destination safely and on time with the help of the Radio/Rearview Monitor with 6" touchscreen and the available Rand McNally RV GPS. Each floorplan offers a full-featured galley and swivel cab seats that increase your functional living space

while parked. Inside, you'll find dimmable LED ceiling lights (70A, 70X), MCD blackout roller shades, Corian® countertops, and a rear screen wall (70A, 70X). An awning with LED lighting will keep the outdoor fun going well into the night. Take your travels off the trails with the all-new Era 4x4; the first Sprinter-based off-road RV from Winnebago. Enjoy all of the same amenities, 5,000-lb. towing capacity, and two additional inches of ground clearance. For versatility and style with Winnebago's legendary construction standards, choose the Era.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

70X Paragon with Smoke/High-Gloss Dark Canvas Combo Cabinetry

One critical space-enhancing feature of the Era is the swivel cab seats that turn to become part of the lounge. From here you can watch TV, eat dinner at the movable pedestal table, or enjoy conversation with people sitting on the sofa/bed (70A, 70C) or passenger captain's seats (70X). Adjust the environment to fit your comfort with MCD blackout roller shades and the new Truma Combi™ Eco Plus heating system (70A, 70X) and ALDE (70C). It outperforms traditional water heater and furnace systems, and requires only one small vent through the vehicle body and is significantly quieter than a traditional furnace. Soft-closing cabinet doors (70A & 70X) with a new high-gloss finish complete the contemporary look and feel.

70X Galley

Enjoy a smartly-configured galley that houses a microwave oven (convection oven 70C & 70X) and range top with a glass cover. The refrigerator/freezer works on both 110-volt, LP and battery power so you'll always have cold food. A removable freezer unit in the 70A delivers additional cold storage flexibility.

Flexibility is everything in a Class B motorhome and nowhere is that more evident than the unique sleeping spaces available in your Era. The 70A offers a true bedroom featuring the Flex Bed system. With a few simple adjustments requiring no tools, the two twin beds convert into a single queen bed. The 70C includes the Fold N Tumble sofa/bed for quick conversions in the front lounge and the 70X offers a sofa bed in the rear lounge. All models offer full bath amenities while the 70C pushes the Class B bathroom concept even further with a separate glass-door shower.

Dash

Built on a peppy Mercedes-Benz Sprinter chassis, the Era has always been a joy to drive. This year we've taken it to another level with a 4x4 off-road package that delivers all the power you expect with more traction and an additional two inches of ground clearance. The available collision avoidance system makes the Era one of the safest motorhomes on the road. Enhance your trip by adding the Infotainment Center with Rand McNally GPS and touchscreen control for the CD/DVD/FM/AM stereo system.

70X Swivel Cab Seats

Powered Mirrors with Defrost

With the new 4x4 package, you might find yourself camping in places you never thought possible. Whether you're deep in the woods, down by the beach, or at a traditional campsite, the standard patio awning with LED lighting and exterior speakers make it easy to kick back and enjoy the scenery. For easy access to your gear, select the 70A that includes a rear storage compartment with a sliding tray.

Warranty⁵

12-month/15,000-mile basic limited warranty⁶

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
3. Capacities shown are tank manufacturer's listed water capacity (W.C.) Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
4. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
5. See separate chassis warranty.
6. See your dealer for complete warranty information.
