RECREATIONAL VEHICLES

REFLECTION

A CELEBRATION OF LUXURY, VALUE & TOWABILITY

Reflection's combination of luxury, value, and towability in one amazing package continues to exceed the expectations of our retail customers. Our industry leading pursuit of quality and commitment to building around the needs of our retail customers is what drives Reflection to the top of its class.

Travel Trailers

150 Series Fifth Wheels

Fifth Wheels

CONSTRUCTED TO A SUPERIOR STANDARD

ARCTIC 4-SEASONS PROTECTION PACKAGE

Reflection's design has been put to the test in extreme temperatures ranging from ZERO to 100+ degrees. Third party extreme cold testing showed that the Reflection remained functional and achieved very comfortable temperatures.

Note: Testing was performed in a temperature controlled chamber, with temperatures ranging from -6°F to +101°F, and does not account for variables such as wind, humidity, and altitude. Due to the number of potential variables, temperatures reported during testing may differ from temperatures achieved during actual use of the unit in nature.

MAXIMUM HEATING POWER

A high performance furnace and fireplace combine to deliver 40,000 BTU's or more of heating power.[†]

[†] (Model Specific)

MAXIMUM FUNCTION

- Heated Holding Tanks
- Heated & Enclosed Low Point Drains
- Heated Utility Center & Storage Bay (FW only)
- 12 Volt Heat Pads on all Holding Tanks
- Dual Attic Vents
- Enclosed Gate Valves

FULLY LAMINATED WALLS

Sidewalls, rear wall, slideroom endwalls, and slideroom roof are all laminated construction with rigid foam insulation. Many competitors use soft fiberglass insulation in the rear wall and sliderooms that can settle over time and leave uninsulated air gaps.

[†] R-11 on bed slide models

DOUBLE INSULATED FLOOR

The heated underbelly features a layer of radiant foil insulation and the main floor another layer of fiberglass insulation.

The slideroom floors are also insulated with radiant foil. (R-24)*

INSULATED GOOSENECK

A layer of fiberglass insulation under the gooseneck is a place often forgotten by others.

DOUBLE INSULATED ROOF & FRONT CAP

A layer of fiberglass insulation and a layer of radiant foil insulation covers the full length of the roof. Grand Design goes the extra mile by extending both the radiant foil and fiberglass insulation layers from the roof, and wraps them all the way around to the bottom of the front cap.

DOUBLE INSULATED FLOOR

The heated underbelly features a layer of radiant foil insulation and the main floor another layer of high density foam insulation.

The slideroom floors are also insulated with radiant foil. (R-24)*

*Equivalent R-Value

CONSTRUCTED TO A SUPERIOR STANDARD

RACETRACK DUCTING

True Racetrack Ducting extends past each AC unit to allow for uninterrupted airflow from the front to the back of the coach.

These end loops in the ducting are essential for true "racetrack" movement.

TYPICAL DUCTING

Typical ducting provides partial airflow with less cooling efficiency and creates airflow collision in the center.

RAISING THE BAR IN CUSTOMER SERVICE & WARRANTY

COVERS EXTENDED STAY

Many of our competitors have fine print in their warranty excluding you from coverage if you are full-timing in your coach. You won't find fine print like that in Grand Design's warranty.

3 YEAR

LIMITED STRUCTURAL WARRANTY

Every Grand Design RV is backed with a class leading 3-year limited structural warranty.

COMPONENT SUPPLIER WARRANTIES

By selecting suppliers with similar philosophies, many components used on our coaches also carry an extended warranty through the component manufacturer.

AXLES (5 Years)

EXTERIOR GRAPHICS (5 Years)

ROOF COVERING (12 Years)

TIRE WARRANTY

(5 Years w/12 Month no questions asked
replacement for manufacturer defects)

FRESH GRAY BLACK (GALS)

WE STRIVE FOR NOTHING LESS THAN CUSTOMERS FOR LIFE!

Thank you for taking the time to tour our coach.

We would like to share what sets Grand Design RV apart from all other RV manufacturers and why this difference is important to you.

My close friends and I were part of an ownership team at a travel trailer, fifth wheel company that grew to become one of the largest RV manufacturers in the world. While proud of this accomplishment, it became difficult to stay in touch with customers, employees, and ultimately the quality of the final product. It became obvious, there was a better way.

In 2012 we started with a mission to build a better RV company. A company with a culture that desires a long-term, personal connection with customers, employees and dealers – that company became Grand Design RV. Our business model of doing the right thing has led us to many years of unparalleled growth.

At Grand Design we are customer centered and everything we do daily revolves around you. Our goal is simple – continue to lead the industry with quality, innovative products while striving to improve our customers' RV experience before, during and after their purchase. We strive for nothing less than customers for life and I would be honored to personally welcome you to the Grand Design family.

Warmest Regards,

President / CEO / Co-Founder

LONG TERM VALUE

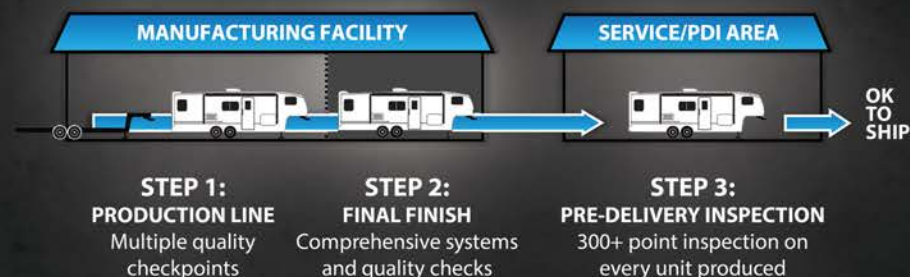

Everything we do at our company is designed to build long-term value in what we offer our customers, "More features and superior value for your dollar."

CUSTOMER CENTERED

Our focus, from the very first day we opened our doors, revolves around our customers. Your satisfaction is our future. GDRV4Life!

RAISING THE QUALITY BAR

We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive "final finish" inspection. At this point, most manufacturers ship their coaches to the dealer for retail sale. We aren't most manufacturers. Every one of our coaches is moved to a PDI (Pre-Delivery Inspection) area where they are put through a rigorous 300+ point inspection checklist. It is only after this PDI that we certify a unit ready to ship to our dealers.

SUPERIOR SERVICE

Anything built by humans that travels down the open road is subject to issues. It's how those issues are addressed that makes Grand Design so special to our owners. Visit the independent owners page on Facebook (Grand Design RV Owners) and see for yourself. We take care of our customers after the sale. An informed customer will be a Grand Design customer!

CLASS LEADING WARRANTY

We back every one of our coaches with a 3-year limited structural warranty.

Grand Design RV was created in 2012 and founded by current CEO, Don Clark and brothers Ron and Bill Fenech (Representing over 80 combined years of experience in the RV industry).

11333 County Road 2 | Middlebury, IN 46540 | 574-825-8000 | GrandDesignRV.com
